LIMITED LIABILITY PARTNERSHIP: THE BEST CORPORATE VEHICLE?

The LLP was developed in the UK in response to pressure from major accounting firms. It is an alternative corporate business vehicle that gives the benefits of limited liability but allows its members the flexibility of organising their internal structure as a traditional partnership.

Other professional partnerships, including those of solicitors, have converted to LLP status since 2001.

The aim of the seminar is to provide delegates with:

- Background on how and why LLPs were introduced;
- An explanation of the running of an LLP, from incorporation to dissolution;
- Information on compliance issues and filing requirements of the Companies and LLP Acts;
- A list of the main duties of LLP members.

LIMITED LIABILITY PARTNERSHIP (LLP) SHARES MANY OF THE FEATURES OF A NORMAL PARTNERSHIP, BUT IT ALSO OFFERS REDUCED PERSONAL RESPONSIBILITY FOR BUSINESS DEBTS

On completion of the seminar, delegates will be in a better position to:

- Understand the key factors to consider when choosing a Limited Liability Partnership;
- Appreciate the provisions of the Limited Liability Partnerships Act 2000 (LLPA);
- Look at the future provisions of the Companies Act 2006 which will apply to LLPs;
- Appreciate the differences between an ordinary (unlimited) partnership and an LLP;
- Gain a thorough grounding in the principles of limited liability and separate entity;
- Analyse the default provisions for LLPs registered in England and Wales;
- Deal successfully with the practical steps involved in the incorporation of an LLP;
- Explore the consequences of failure to comply with any statutory disclosure and filing requirements;
- Understand how an LLP is taxed, as well as the tax reliefs available to the members of an LLP;
- Grasp the insolvency regime of LLPs;
- Analyse case studies and gain insight into how LLPs are dealt with in practice.

Our Strategy

Our strategy is based on personalised learning, where we aim to develop the competence and confidence of every delegate by actively engaging them in the seminars. Using case studies and practical examples, the delegates will be provided with a thorough grounding in this field and will gain the confidence needed to deliver accurate, effective advice.
